Thanks for everyone's time today on the call. Attached is a schedule that documents what was discussed on the call, including the anticipated agency oversight schedule. We have tried to group activities together to optimize EA's oversight time in the field, but as always, the field schedule is subject to weather, underground utility clearances, off-property access issues, etc.

April – I don't have Mark's email so please forward (and send his email so I have it).

Please let me know if we missed or misunderstood anything in the attached schedule, or if you have any questions/comments.

Regards,

Matt
